OBJECTIVE

Applied mathematics deals with different mathematical methods used in different branches of science as well as in the understanding of physical world problems. We would like to organize a national level workshop during March 19 - 20, 2020, on recent advances in Mathematical methods. In this workshop. We will try to cover some of the recent important aspects of methods in applied mathematics which would provide us an opportunity for the students, scholars and researchers to discuss with the leading Indian scientists in these fields. Young researchers will get opportunity to demonstrate their own works.
